QUICK-STEP®
ACADEMY

For first class benefits
and unrivalled support

ENGINEERED WOOD AND LAMINATE FLOOR ACCREDITATION
PREPARATION, INSTALLATION AND MAINTENANCE

FIRST CLASS BENEFITS AND UNRIVALLED SUPPORT

That's the motivation behind the foundation of the Quick-Step® Academy for Excellence in Flooring.

Premium Floors & Floorscape are proud to introduce the Quick-Step® Academy for Excellence in Flooring dedicated to the enhancement of skills and accreditation in the preparation, installation and maintenance of engineered wood and laminate flooring.

We have developed courses; trained expert staff and created our national training centre's unrivalled facilities all with a single objective in mind. The objective is to give flooring installers a powerful, competitive advantage over their rivals and provide installers with knowledge, skills, credentials and qualifications that will seriously advance their careers and business.

Being a Quick-Step partner provides you with business benefits.

Premium Floors and Floorscape will actively promote Quick-Step® Master Installers, which will undoubtedly assist you in winning more quality flooring installations.

Upgrade your installation skills and learn tips and tricks.

Qualified Installers receive the prestigious Quick-Step® Master Installer ID card.

Exclusively receive discounts on installer clothing and partner offers.

Exclusive access to the Quick-Step® dedicated technical helpline.

DISCOVER THE ACADEMY & MEET THE TRAINER

Quick-Step® has invested significantly in a state-of-the-art floor training Academy supported by a dedicated world class team of experts in floor training.

Our trainer is also supported by our highly experienced team of Technical Representatives, Area Sales Managers and Customer Service staff who provide on-site advice to professionals in the flooring industry on a daily basis.

The world class Quick-Step® Academy is comprised of a large training area with seven dedicated training bays, making it one of the largest flooring industry training facilities dedicated to preparation and installation, as well as maintenance of laminate and wood flooring. These training bays are equipped with the latest floor installation tools and technology.

Each training bay has been designed and hand crafted to include some of the most difficult obstacles floor installation professionals face on a daily basis. As well as the training area, there is a dedicated training room and refreshment area.

Nathan Davis,
National Training Manager

With over 13 years' experience in all aspects of floor coverings, Nathan Davis is one of Australia's best floor training professionals.

Having owned a successful floor installation business for 7 years, Nathan has been working as an account manager with Premium Floors Australia for 6 years. On the back of his installation experience, he has intensive flooring training and accreditation from one of the world's largest timber, laminate and LVT manufacturer. He is a fully qualified Master Installer Trainer.

THE QUICK-STEP® MASTER INSTALLER COURSE

Nowadays consumers expect high standards of workmanship and demand a commitment from flooring installers to deliver a quality flooring installation. That is why Quick-Step® has created the Quick-Step® Master Installer course to accredit your skills and professional workmanship, providing you with first class benefits and unrivalled support. These high standards of workmanship will be actively promoted to consumers by Quick-Step®.

Who is the Quick-Step® Master Installer course for?

Designed for professional flooring installers with a minimum of two years' experience of laminate and wood flooring installations. This course will build on your knowledge of pre-installation evaluations, screeds, adhesives and more difficult & intricate flooring installations.

What format does the Quick-Step® Master Installer course take?

The three-day course is extremely intense yet very rewarding. The Quick-Step® Master Installer course will see a mixture of discussions, presentations and up to five practical installations in dedicated training bays with one-to-one mentoring throughout the course.

There will be a formal assessment during the Quick-Step® Master Installer course.

What is the format of the assessment?

Each installer will be required to complete installations which will be assessed by the Training Manager. These assessments will allow the Training Manager to determine whether the installer is competent in flooring installation.

Why is there an assessment?

After completing the Quick-Step® Master Installer course Quick-Step® will actively promote your skills and professional workmanship to consumers for you and/or your retailers benefit. It is for this reason that only the very best flooring installers will become a Quick-Step® Master Installer.

What areas of training and learning are included in the Master Installer course?

The areas covered in-depth include the flooring process, wood structure and water, subfloor preparation, adhesives, laminate flooring and engineered wood flooring. This will be a hands on workshop.

What happens after the three year membership expires?

A Quick-Step® Master Installer will need to participate in a refresher course in the third year before membership is renewed.

You can download detailed course content for Quick-Step® Master Installer Course at www.quick-step-academy.com.au
